We are happy to collect mail and packages, as well as watering plants while you are away, just let us know either way!

We know that life gets busy, but we highly recommend letting your veterinarian know that your pets will be in our care in case the need comes to take them in for something. You can arrange to have a credit card on file and discuss your wishes for petcare in the case of an emergency and you cannot be reached. This info can be easily imputed into your pet's files.
